

NCR SelfServ™ 36

Through-the-wall Slimline Deposit/Recycle ATM

Want to offer intelligent cash deposit
and recycling in any location?

YES

Offers the widest range of deposit solutions and placement options

The NCR SelfServ 36 is an exterior or through-the-wall or vestibule ATM, offering intelligent cash deposit and/or recycling and a range of revenue generating services. Its very compact footprint and slimline user interface make it ideal for vestibule or outdoor locations where space is at a premium.

- **Redefined availability**

Real availability is about delivering the transactions that consumers want, where and when they need them. With new “self-healing” technology, easy-to-use service lead-through application, and front, rear and side service access, NCR SelfServ redefines availability.

- **Informed manageability**

NCR SelfServ provides best-in-class data for network management. Clear visibility to configurations, software versions and the activity levels of each module, results in more accurate, timely management decisions and operational excellence.

- **Committed responsibility**

Low-energy LED lighting, 25% less cabling and reduced requirements for on-site service visits are just some of the ways we’ve lowered the carbon footprint of each ATM. NCR SelfServ will be a valuable asset in achieving the environmental goals for your business.

- **Intuitive usability**

NCR SelfServ enables consumers, cash-in-transit companies, branch staff and service engineers to become experts after the very first use, resulting in better operational efficiency, staff utilization and consumer satisfaction.

- **Intrinsic security**

Incorporating a unique protected USB architecture and a range of antifraud and physical security solutions, NCR SelfServ reduces fraud risk and maintains the integrity of your self-service channel for you and your customers.

Key Features

- Provides a broad range of services, such as bill payment, funds transfer, mobile phone top-up, couponing and vouchers and mini-statements
- PCI compliant Encrypting PIN Pad
- Cash acceptor with flexible deposit modules and recycling options
