

Conventional Equipment

Vaults, safes and drive-up solutions

CUSTOMIZED SERVICE CONCEPTS, LLC

We offer more than ATMs

Customized Service Concepts, LLC strives to provide every piece of equipment needed for your financial institution. Beyond our ATM, ITM and TCR options, we provide A/V equipment, pneumatic tube systems, transaction deal drawers and so much more. Our sales and installation teams will work with you to find products to meet your budget and needs.

Teller Audio/Video

We have the solution for your teller A/V needs. Our innovated systems offer high quality sound clarity which allow for your customers and tellers to have a clear conversation. Our A/V systems can be expanded from 1 lane to multiple with a simple plug-in expansion card.

Drive-up Pneumatic Tubes

Our variety of pneumatic tube systems fit your needs and expand the reach of your business. Our quiet systems and two-way AV deliver the personal touch that keeps your customers satisfied. Our systems are equipped with dual controls that enable easy access for both small and large vehicles. We train our service technicians to install and service all makes and models to ensure maximum efficiency.

Bullet-proof Windows

CSC offers UL rated bullet resistant vision windows. They are manufactured using a durable stainless steel frame and bullet resistant glass for ideal appearance and to tolerate all weather conditions. Standard sizes include 3'x5', 3'x6', 3'x10', 3'x 12' and 3'x15', along with customized sizing options. We also offer commercial grade window shades with easy-to-use chain driver roller type mechanism.

Transaction Deal Drawers

Need transaction drawers that offer maximum security with ease? CSC has a solution for your needs. Our systems have heavy-duty rail systems that are designed for high-volume use and optional built in heaters for comfortable use during colder weather. These systems work for new installations and replacements for older models.

Under Counter Steel

We offer a variety of under counter steel products to meet your needs. Our offerings allow for upgrades and conversions of existent, as well as new branch configurations. The under counter steel are all made with materials of the highest quality as measured by industry standards.

Night Depository

The deposit systems offered by CSC are designated for maximum security and ease of use for both customers and associates. Our systems are UL laboratories listed to be resistant to "fishing" or "trapping" attacks. We can accommodate any size receiving chest to suit your needs. Our

replacement and upgrade options require little to no structural changes.

Safe Deposit Boxes

CSC offers safe deposit boxes manufactured by the industry leaders. Our full range of boxes and lockers will satisfy all of your security requirements. Options include stainless steel, modular aluminum and custom safe deposit boxes. Changeable numbering systems allow for future expansion. From matching existing units to building a new facility, CSC will meet your needs.

Coin & Currency

Coin currency and currency solutions equipment and maintenance is available through CSC. Our sales team will work with you to find the right equipment to meet your financial institution's needs.

Kaba-Mas Locks

The Auditcon® family of electronic locks was developed to address the security requirements of a broad range of retail, commercial and industrial markets. Utilizing the award-winning PowerStar™ technology, the Auditcon's security cannot be compromised by outside manipulation, and provides unprecedented audit capability, making it an effective deterrent to theft.

Vaults

We have partnered with some of the industry leaders to meet your vault needs. Modular vault panels are constructed of high strength concrete and steel. Modular vaults are more cost effective than poured-in-place vaults allowing for expansion or relocation.

Safes

The safes offered by CSC are designed to meet the highest security standards. Available in right or left swing doors, the interiors can be configured with shelves, cash lockers, teller and pull out drawers for organization to meet your needs.
